

Why use TC Components

Quality First!

Product Quality

TC Components are produced by Carefully Chosen Manufacturers with Modern Production Processes and Proven Capabilities.

Price Competitiveness

TC Components offer Stable Prices which are based on Competitive Costing and change only if the Input costs change.

The prices are not influenced by speculative opportunities.

Service Quality

TC Components Samples and Orders are delivered within 24 hours for Ex Stock Goods on Best Effort Basis.

Buffer Inventory is maintained for Customers who provide Confirm Order Schedules.
