Govt plans to grade solar rooftop equipment

In an attempt to strengthen the solar mission in the country, the government of India is planning to introduce grading of solar rooftop equipment.

Tarun Kapur, joint secretary, Ministry of New and Renewable Energy said that the government is already working on a plan to grade rooftop solar equipment. The several directives of the agenda are being worked out and the plan would be similar to what we see as a 'star rating' provided by the Bureau of Energy Efficiency to electric appliances.

MNRE invites bid for grid connected rooftop solar system

Solar Energy Corporation of India has been directed by the Ministry of New and Renewable Energy (MNRE) to invite project developers, MNRE channel partners, technology providers, system integrators, renewable energy service companies (RESCO) and EPC contractors to participate in the 'Request for Selection' (RFS).

They have been invited for design, manufacture, supply, erection, testing and commissioning including warranty, operation and maintenance for a period of two years of roof top solar PV power system in selected cities/states in India, reports Energetica.

For the same, six cities have been selected, namely, Bhubaneswar/Cuttack—1 MW, Gurgaon—1.5 MW, Hyderabad—2 MW, Jaipur—3.1 MW, Noida/Greater Noida—1.5 MW and Raipur/Naya Raipur—2 MW.
