

Anti-static material from some manufacturers

Specs	Blue Sky System		Advance Tech Services Pvt Ltd		INDE	
	Make/Model	Specs	Make/Model	Specs	Make/Model	Specs
silver plated, monofilament elastic band, 10 ⁹ ohms resistor built into ground cord	Blue Sky System (Model BS-GA-501, 602, 603, 604)		Kores	Silver conductive thread do not react to human body; 10 ⁹ resistance in-built, durable wire	Inde brand	Maroon colour wrist strap 182 cms (Approx)
- Full-coverage sole grounder, highest contact area, D-ring closure, lot coded, black hook and loop - Hard grounder, virtually no marks on floor, blue sole for visibility, 10⁹ ohms resistor, lot coded, UL listed - Tee grounder, buckle for easy adjustment, elastic strap for comfort, 10⁹ ohms resistor, lot coded, UL listed	Blue Sky System (Model BS-PW-901, 902, 904, 906)			From Korea		
ESD gloves, latex, PVC, PU coated, cut-resistant, medical latex and nylon gloves			from Malaysia			
ESD garments' complete range	Blue Sky System (BS-G 510 (G, B, Y, W))		Advance Tech			
Conductive floor mat for hard floors, rubber filler for resilience, textured surface for better traction	Blue Sky System (BS-Vinyl Mat 001)	Two-layered ESD vinyl mat. SR (top): 10 ⁹ ohms/sq. SR (bottom): 10 ⁹ ohms/sq	No			
Static control vinyl floor tile, can be repeatedly cleaned and then buffed to a high sheen without ever using wax			No			
Dissipative vinyl three-layer mats and rolls, top and bottom layers - vinyl	Blue Sky System (BS-Vinyl Mat 001)	Less than 10 ⁹ ohms/sq	from Kores	10 ⁴ to 10 ⁹ ohms, top anti-static, bottom conductive		
Common-point grounding system, 3m (10ft) to ground workstation components. Single row, six terminal strip, protective cover, three cable clips	Blue Sky System (BS-GL-1001, 1002, 1003)		local	10 ⁹ ohms tich button both side		
Allen - key-adjustable workbench	Blue Sky System (BS-WS-101AL, BS-WS-104 MS)		No			
Height adjustment controlled through gas lift	Blue Sky System (BS-CH-201)	SR of Leatherette upholstery less than 10 ¹¹ ohms/sq. Seat-to-ground resistance less than 10 ¹⁰ ohms/sq	No			
Conductive swivelling twin castors	Blue Sky System (BS-ST-302)		No			
Drawers mounted on telescopic ball race slides. The Cabinet frames are semiconductive epoxy power coated steel.	Blue Sky System (BS-CA-101)		No			
	Blue Sky System (BS-2053)		china			
Extended-coverage benchtop ionising blower	Blue Sky System (BS-SMP-2001)		Shishido Japan	Latest HF, HDC-AC Technology software control balance	IND-ESDSET28	Clean-room stainless-steel ioniser
- Metal-in static shielding bags - Metal-out static shielding bags			No			
Conductive bag - wall thickness: 4.0 mil (102 microns)			No			
			No			
			No			
			No			
Conductive container—made from injection-moulded plastic, these containers are non-corrosive and lightweight			No			
- System tester—quickly and easily checks a variety of grounding systems - Wrist strap and footwear tester - wall-mounted, Dual Lock systems	Blue Sky System (BS-WST-1002, 1003)	- Wrist strap 0.75 to 10 mega-ohms - Footwear 0.75 to 100 mega-ohms	shishido Japan		- Warmbier Germany Model 7100, PG1120-P - Inde Model 492E	Wrist strap and footwear combo tester
Wide-range, multi-scale, auto-ranging meter. 10 ³ to 10 ¹² ohms/sq ASTM D257, 10 ³ to 10 ¹¹ ohms ESD/ESD 11.11.	Blue Sky System (BS-SRM-1007)	10 ³ to 10 ¹² ohms and ohms/sq	local		Warmbier Germany make model 7100-SRM200.K	Digital surface resistivity test kit
Static sensor, easy-to-use, hand-held instrument designed to measure static field on objects and surfaces, arising from electrostatic charge buildups	Blue Sky System (BS-SCM-1005)	±10kV @ 2.45 cm (accuracy: ±10%) ±20kV @ 5.08 cm (accuracy: ±15%) ±30kV @ 7.62 cm (accuracy: ±20%)	shishido Japan	19.9 kV with touchless sensor, reads accurately	Inde Model 1431	Digital electrostatic field meter
Conductive bins, ESD	Alkon	Anti-static bull bins, Rhino Tuff bins	No
