

TATA CONSULTANCY SERVICES LTD (TCS)

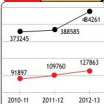

Rs 484,261 mn (2012-13)

Tata Consultancy Services (TCS), a part of the Tata Group, is the largest IT services firm in Asia with over 263,000 well-trained consultants across 44 countries. In September 2013, TCS and GE entered into a joint venture to set up the first all-women business process services centre in Riyadh, Saudi Arabia, with 76 per cent and 24 per cent equity, respectively. In the same month, TCS edged out Infosys and Wipro to win a Rs 1930 million contract for developing and managing a new software platform for the Income Tax Department. TCS will set up a new platform called the Income Tax Business Application, which will be ready in a year and which the company will manage for the next five years. The company also received the FY13 Certified Implementation Specialist Leader award from Oracle PartnerNetwork for its commitment to customer enablement by achieving Oracle product certifications, in September this year.

BHARTI AIRTEL LTD

Rs 453,509 mn (2012-13)

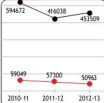

Bharti Airtel Ltd is a leading global telecommunications company with operations in 20 countries across Asia and Africa. It ranks among the top four mobile services providers globally in terms of subscribers. As of June 2013, Bharti Airtel had nearly 275 million customers across its operations. Available in 300 key cities across the country, in a decade of operations, Airtel has risen to the pinnacle of achievement and continues to lead. In a recent development this year, SingTel, Southeast Asia's largest telecommunications operator, has agreed to buy 3.62 per cent of Bharti Telecom Ltd. On the international front, Airtel has bagged 5 MHz of 3G spectrum in an auction in Bangladesh for \$105 million. In August 2013, it appointed Christian de Faria as CEO for the company's Africa operations, with effect from January 1, 2014. Manoj Kohli, CMD (International), currently in charge of the company's operations in Africa, Bangladesh and Sri Lanka, would relocate to India, with effect from January 1, 2014.

VODAFONE ESSAR LTD

Rs 356,000 mn (2012-13)

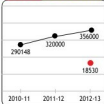

Vodafone Essar, a member of the Vodafone Group, operates in 16 telecom circles across India, which cover around 86 per cent of the country's mobile customer base. Vodafone plans to buy out its Indian partners, including Ajay Prasad and Anant Singh, to gain complete control of the country's second largest telecom operator. At present, Vodafone is laying greater emphasis on expanding its operations in the emerging Indian economy, while working through an as yet unresolved US\$ 2.6 billion tax row with the Indian government, and a series of disagreements over spectrum policy and licences. Vodafone has dragged the Indian government to the court, alleging it of forcing the telecom operator to rebid for existing licences in major cities such as Mumbai and Delhi in auctions scheduled next year.

INFOSYS LTD

Rs 367,650 mn (2012-13)

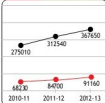

Infosys, the next-generation IT and consulting provider, has a global footprint with 65 offices and 83 development centres in 30 countries, in order to outperform the competition and stay ahead of the innovation curve. A global leader in consulting, technology and outsourcing solutions, it has 155,000+ employees worldwide. As India's second largest software services provider, it has recently witnessed a management reshuffle at the top. In another major development this year, Infosys saw its retired co-founder, N.R. Narayana Murthy, returning to the post of executive chairman and additional director, to once again take charge of the firm which is undergoing a radical change. On his return, he said that "The task of rebuilding a desirable Infosys will take at least 36 months."
