RIGOL

www.rigolna.com

Perfect Partner for your EVERYDAY TESTING NEEDS

From Basic to Complex embedded designs - Address all your test challenges with our feature rich solutions. Enables you to be in time and within budget, always.

- Serial Trigger and Decode on oscilloscopes from 50 MHz – 1 GHz
- Best in class Memory Depth that lets you see more
- In-built 2 channel Arbitrary Waveform Generator lends to a compact and portable test bench

Oscilloscopes
Upto 1GHz

Spectrum Analysers
Upto 7.5 GHz

Arbitrary Waveform Generator
Upto 350MHz

Data Acquisition System
Upto 320 Channels

Power Supplies
3 Ch, 200 Watts

Digital Multimeter
Upto 6.5Digits

RF Source
Upto 6GHz

EGSTON Inductive Components

Head Quarters: Austria
Manuf. Plants: Czech | China | India

EGSTON India Features

- ISO 9001:2008 certified
- IS 16949:2009 LOC
- SAP-ERP
- 100% Custom build parts
- 100% UL Materials
- UL EIS File-130°C, 155°C & 180°C
- RoHS, Lead Free
- CE (special requirement)

EGSTON India -Inductive Components

High Frequency

- Choke
- Inductor
- Linear Transformers

Power Frequency 50Hz

- Power Transformer
- Current Transformer
- Energy Current Transformer
- Rogowski Coil
- SiFe CRGO Cores
