Digital printer from 3idea

Big things come in small packages

XYZprinting's new 3D printer, da Vinci Jr., is a simple and easy-to-use 3D printer that requires no calibration and also a new auto-loading filament system for an easy, more convenient, 3D printing experience. It features a fluid, press-and-release extruder, which makes for an easy extruder replacement or cleaning experience. Simply open up the 3D printer, press Release button and the replacement or cleaning process can be done within a few seconds.

It has a robust build size of 15cm x 15cm x 15cm (5.9 x 5.9 x 5.9-inch). Due to its new compact design, da Vinci Jr. consumes only 75 watts of power. Its PLA filaments are made up of non-toxic, biodegradable plastic that is recyclable and safe for the environment. This eco-friendly 3D printer makes sure that nothing goes to waste.

Intex introduces new range of washing machines

Washing machines for all

Intex Technologies has announced the launch of its powerful and trendy washing machines, WMS76FT and WMS76ST. The semi-automatic models come with Salt-

Water Technology. The powerful technology helps balancing the spinning basket, thereby significantly reducing the noise produced by washing machines due to frequent usage. The machines come with a salt-water pack injected into the spinning basket.

Capacity of both machines is 7.6kg with additional features like Smart Power Saving, Unique Impeller Design, Fastest

Woolen Spinning, Smooth Operating Safety Cover, Cover Safety Switch, Wheel Castor, Water Balance SD Basket, Collar Scrubber, Rust Free and Shock Free.

Zebronics unveils tower speakers

With acoustics dispersion using ZEB-spatial disperser technology

The latest tower speakers from Zebronics, Tyson, come with a combination of front-loaded down-firing transmission line and spatial disperser technologies. At 68cm, it breathes life into every movie—whether you are watching a gritty indie thriller or a lush period romance, the deep, clear bass adds a kick to your flicks. It also reproduces music with robust, enveloping sound, no matter what you listen to or how loud you play it.

The product comes equipped with Bluetooth technology and keeps the user entertained with music and control playback feature wirelessly. Added to this, it has a built-in FM and is compatible to most gadgets with USB or SD/MMC card. The speaker comes with a full-function remote control, which enables the user to switch songs and radio stations with ease by just pressing the keys on the remote.

Power bank from STK Accessories

A rugged battery bank for travellers

Price
₹ 3999

The Neptune Power Bank is rugged and tough, and you can carry it around wherever you go. It offers maximum value to users with its protective, polymer coating, making it the perfect gizmo for travellers. It is waterproof (IP67), shock-resistant and dustproof. Extreme hikers seldom have network reception in isolated terrains, and this is where this portable power bank comes in handy owing to its amazing in-built features like SOS beacon.

Other features that make this device travel worthy are an infrared pointer and a torch at the top of the device. Both can be useful in all SOS situations. The smart-enabled, rugged portable power bank is powered by a 5200mAh battery and can charge a phone twice with a USB output of 5.0V 1.0A.
