All in One Solar LED Street Light

**FIRST TIME
MADE IN INDIA**

- Compact design with integrated Solar panel, LED light, motion sensor, Li-ion battery and Solar charge controller
- Completely Off-Grid design with very easy installation
- Microprocessor based design enables intelligent and efficient working
- Lithium ion battery technology provides long and maintenance free product life
- PIR Motion sensor adjusts LED brightness to extend light backup time
- Automatic Dusk-to-Dawn operation and Solar panel dirty indication LED

12W, 15W LED models
