

processes and more. He also discussed the recently-revised standard, IPC-6012D - Qualification and Performance Specification for Rigid Printed Boards.

The ninth IPC Hand Soldering Competition (HSC) was an integral part of IEW 2016. Excellence in workmanship skills was assessed as per IPC-A-610F class 3 requirements. India champion title and trophy was won by W. Ragini of Amara Raja Electronics Ltd. The title paved the way for her to go further in the competition with the doors to IPC World Championship now open. Ramesh Chopra, executive chairman, EFY group, awarded the India Champion trophy to the winner.

SMTA Conference

Surface Mount Technology Association (SMTA) India chapter hosted a technical conference where evolving technologies in the electronics assembly industry were discussed. The track included sessions like:

- Recent Technology Advances for Better X-Ray Images by Keith Bryant, chairman, SMART Group
- Use of Complex Alloys to Achieve High-Reliability Lead-Free Solder Joints by M.P. Rajaram, regional sales manager AE, India, Henkel Adhesive Technologies
- Importance of Worst-Case Analysis for Electronic Systems to Enhance Product Survival Probability and Robustness by Pankaj Bansod, technical lead - reliability, Honeywell Technology Solutions Lab, India
- Electrostatic Discharge Protection for SMT Production by Ankan Mitra, VP, SMTA India chapter

Defence Electronics Technical Conference

Under the banner of Raksha India, a technical conference on defence electronics was conducted, which was supported by Buyer-Seller Meet and B2B Exposition. The technical conference had some interesting discussions, some of which are mentioned below:

- Cyber Security and Implications for Acquisition, Design and Evaluation by Dr Subrata Rakshit, scientist-G, CAIR, DRDO
- Design and Development of Cutting-Edge Technologies in Aerospace by S.P. Bhattacharya, executive director (Engg, R&D), HAL
- Reliability and Quality Assurance for Satellite Systems by Prakasha Rao P.J.V.K.S., project director for GSAT 9, GSAT 17 and GSAT 18

"I compliment EFY, ELCINA and other organisers to have put together such a **great show** and I wish them great success for the event."—**K. Ratnaprabha, additional chief secretary to government of Karnataka, Commerce and Industries Department**

"We got very good feedback from people and also **potential investors!**"—**Prasad H. L. Bhat, chairman and CTO, Astrome Technologies Pvt Ltd**

"It was great to see electronic tech enthusiasts all around, along with many **information-sharing sessions** in different domains."—**Kaustubh Kamataki, chief engineer, FluxGen Engineering Technologies Pvt Ltd**

"It was an **absolute pleasure** to be part of this event and I hope to be able to speak here again."—**Martin Woolley, technical program manager, Bluetooth SIG (Special Interests Group)**

"**Kudos** for bringing together different shows/expos to IEW 2016. Well-organised Buyer-Seller meet! It was well conducted by executives who were always available to help."—**Lt. Colonel Ashutosh Verma, Directorate of Indigenisation, Ministry of Defence**

EVENTS AT A GLANCE

- CEO Summit (January 11)
- IPC Workshop (January 11)
- T&M Showcase (January 11)
- Defence Electronics Tech Conference (January 11)
- Vendor Development Workshop (January 11)
- LED Lighting Summit (January 12)
- LED Tech Conference (January 12)
- Get Funded (January 12)
- IoT: Smart Human (January 12)
- IoT: Smart Industry & Office (January 12)
- IoT: Smart Auto (January 13)
- IoT: Smart Home & Office (January 13)
- IoTBLR Meetup (January 13)
- IET's IoT Conference (January 13)
- Makers in India (January 13)
- SMTA Workshop (January 13)
- Buyer Seller Meet (January 11-13)
- Workshops (January 12-13)

The Workshops

To add to the knowledge-enhancing experience, the workshops delivered niche skills, with presenters guiding from experience. There were sessions on building your first open source smart agriculture project, two on dealing with commercial off-the-shelf components, two on working with the IoT and others focusing on hard-core designing.

Get Ready For 2017!

With plenty of feedback and positive encouragement, we hope to have a **BIGGER EVENT NEXT YEAR**, clearing away the glitches and putting up a better show. **LOOK FORWARD TO SEEING YOU AT IEW 2017**, which will be held at the same venue on **MARCH 2-4, 2017**.
