

IPC India congratulates Electronics For You team and is glad to be associated with India Electronics Week 2016 event.

With Government's push to Indian electronics industry through "Make in India" initiative supported by lucrative incentives, pro-active measures & industry friendly legislations & sops and with global MNCs' investments into joint ventures with Indian companies, we are sure this event offers a good platform to enthusiastic electronics fraternity and brings bright opportunities to one and all associated with the event.

IPC India supports the event as an associate partner offering Professional Workshop, IPC Standards Review Meet and IPC Hand Soldering Competition during the course of the event.

We wish the very best to the event organizers, sponsors, exhibitors, delegates, participants and above all - the visitors.

Akshinthala Vijayendra
