

Designed & manufactured by Maxsemi

	Smart Bulb : • LED Bulbs & Down Lights switching control with multiple colours from mobile app. • Stream audio, play music & FM from mobile app.
	Smart AC/Solar street Lights : • Highly economical and rugged wireless solutions for Smart Cities & Smart Infrastructures • Periodic update of AC lamp parameters like voltage, current & brightness to remote server. • Periodic update of Solar lamp parameters like battery voltage, solar voltage & brightness to remote server. • Remote ON/OFF/Dimming the lamp from Web Portal. • GIS details of Lamps. • Fault update and remote analysis of fault.
	Smart Data Concentrator Units : • Control group of AC & Solar lamps along with Energy Meters in the network. • Designed to provide 6 hours back up available with both 1phase and 3phase supply.
	LED Lightings • Complete OEM branding for Bulbs, Tube lights, Down Lights, Flood Lights, Bay Lights, Street Lights, High Mast Lights available. • High Performance & cost effective Solutions with CPRI approvals.
	Solar PWM & MPPT Charge Controllers: • Auto dusk-to-dawn operation with timerbased dimming from 10% to 100%. • Optional MPPT algorithm for high efficient charging of the battery • PWM Solar Charge Controllers with built in Drivers from 10W to 40W • RF Smart Control ready
	LED Drivers : • Complete Solutions for wide range of High performance LED Drivers from 3W to 300W.
	SMPS Adaptors : • Wide range of Wall Mounted & Bench Top SMPS Adaptors from 5W to 50W available. • Over 350 Models of different ratings for applications like Point Of Sales Machines, Printers, Ticketing Machines, IT Equipments, Telecom Equipments, Setop Box, CCTV etc.
	SMPS & DC-to-DC Converters : • Wide range from 10W to 1KW, open Frames or Enclosed, With or without PFC, ZVS Power Supplies, Single Phase & 3 Phase SMPS.
	Battery Chargers : • 60W Battery chargers: 6V, 12V, 24V, 48V. • 120/250W Battery charger: 12V, 24V, 36V, 48V, 72V. • 1000W, 48V Rack mounting FCBC Power supply for Telecom Base stations
Our Semiconductor partners	
	LCD character type, Graphic Type, C-STN, TFT, LCD, LCM, TFT and TOUCH PANEL Environments  1-Inch, 2-Inch, 3-Inch Printer Mechanisms, 2V Printer Mechanisms, Label Printer Modules
	Semiconductor Partner For Analog & Mixed Signal, Power Management, Interface, High Performance Analog, Display Driver, Standard Logic  Quartz Crystal Oscillators, MEMS Oscillators, TCVCXO, TCXO, VCXO, XO/SPSO, EPO, HCXL, LVDS, LVPECL Oscillators
	Semiconductor Partner For Analog & Mixed Signal, Power Management, Interface, High Performance Analog, Display Driver, Standard Logic  Mosfets, Bipolar Junction Transistor, Rectifier Diodes, Alternator Diode, Power management

We can supply products in OEM branding with customisations for high volume.

Maxsemi Technologies Pvt. Ltd.

Maxsemi - Max Solutions
