

What can you do with one click of a button ?

Introducing India's first internet controlled smart button...1btn !

Ever wondered what can be done with one click of a button ?

Click and do, a simple philosophy behind 1btn...the simplest human interface designed for repetitive yet configurable tasks. Use your creative side and 1btn is ready with magical abilities just out of the box.

Think Enterprise, lifestyle, personal and home, safety and child care, automation. Art of possibilities are endless !!

If you are a geek, hacker or maker, even better! show your cool side...interface it with your programs and perform complex stuff - with just one click...

ADVANTAGES of 1btn

- Neat, tiny, smart and powerful
- Versatile interface to the internet
- Simplest hardware interface ever experienced
- Minimalist design
- Easily adapts in home, office or industry
- Inbuilt WIFI

1btn will be unveiled with live demo at EFY Expo - IOT show Jan'2016 at Bangalore
