Super Junction technology

(1) For Wide Range Output
< 60W - TK6A80E
60W-100W - TK10A80E
100W - 150W - TK12A80W
150W - 250W - TK17A80W
using PWM soft switching converter (ZVS)

(2) Fast Switching
Useful for High Efficiency Power Supply

Example of turn-off Waveform
VDD=400V, ID=7A, Inductive load, Rg=62 Ω
