Lubi

ELECTRONICS MANUFACTURING SERVICES (EMS)

LINE CAPABILITIES

- State of art manufacturing technology with fully automated high speed SMT line
- SMT, Through Hole and mixed technology
- High speed line with capacity of 35800 CPH
- 01005" component placement
- BGA and micro BGA capability
- Capable to handle boards up to 510 x 460 mm

FEATURES

- Complete Turnkey Solutions for Electronics Manufacturing
- Electronic Design Services
- PCB Assembly
- Cable Harnessing
- Box Build

PTH Line

Wave Solder

Box Build

Finished Assembly
