

Industrial Automation

Industrial automation plays a major role in achieving better productivity with improved quality, accuracy and precision. This month we have some online resources that will help you catch up with the growing trends in automation

NIRAJ SAHAY

automationdirect.com

AutomationDirect.com is an online streaming tutorial website offering on-demand video tutorials on a wide range of practical industrial products. It has many useful links that direct you to different resources on automation. The website was originally founded as PLCDirect in 1994 and has quickly grown from a tiny PLC company to a well-recognised name in the industrial automation market.
