

Fig. 4: Library Search Path

screen shot in Fig. 4.

In Fig. 4, select MPLABC18; in General category, add MPLAB_PIC18F_PORT to Preprocessor Macros field. In Memory Model category, select Small code model, Large data model and Multi-bank model.

Including FreeRTOS source files. Add the following FreeRTOS

source files:

```
../FreeRTOS/Source/portable/MemMang/heap_1.c
../FreeRTOS/Source/list.c
../FreeRTOS/Source/portable/MPLAB/PIC18F/port.c
../FreeRTOS/Source/queue.c
../FreeRTOS/Demo/PIC18_MPLAB/serial/serial.c
../FreeRTOS/Source/tasks.c
```

Including FreeRTOS header files.

Add the following FreeRTOS header files:

```
../FreeRTOS/Source/include/list.h
../FreeRTOS/Source/include/portable.h
../FreeRTOS/Source/portable/MPLAB/PIC18F/portmacro.h
../FreeRTOS/Source/include/projdefs.h
../FreeRTOS/Source/include/queue.h
../FreeRTOS/Demo/Common/include/serial.h
../FreeRTOS/Source/include/task.h
```

Add `../FreeRTOS/Demo/PIC18_MPLAB/FreeRTOSConfig.h`. Edit `#include <p18cxxx.h>` to your PIC18 device in `FreeRTOSConfig.h`

Copy `../FreeRTOS/Demo/PIC18_MPLAB/18F4520.lkr` to

EFY Note

The source code of this project is included in this month's EFY DVD and is also available for free download at source.efymag.com

your project directory. All files are present inside the folder `FreeRTOSV7.3.0→FreeRTOS→Demo→PIC18-MPLAB→LEDTOGGLE_DEMO`.

Now, you can add your LED Toggle.c source file to the project to run the program.

The program `LEDToggle.C` shows the example of the API task based application with various delays. In the program we have functions for Task1, Task2, Task3 to turn on LED0, LED1, LED2 using `VTaskDelay()` function.

The Tasks are scheduled to perform in continuous loop. ●

IT'S TIME TO PROMOTE DESIGN IN INDIA

<http://designindia.electronicshub.com>

Section launched on Electronicsforu.com to showcase design houses and innovators of India who are creating innovative electronic hardware products. If your firm has also launched or designed an innovative product for OEMs, share your details with us at editsec@efy.in.

Design IN India

An EFYGROUP INITIATIVE
