

EXIDE

Sure power everywhere

If you are looking for UPS power
make sure you have the right battery.

Environmental conditions, frequency and
duration of power cuts, maintenance,
reliability and budget, all play a part

in determining the choice. Only Exide

has the range of AGM VRLA, Tubular

GEL VRLA and Tubular Flooded

batteries to ensure you get what is

right for you. Why compromise? Remember your UPS is only as good as its battery.

•All batteries shown are cadmium free
