

# Innovation on Power Solutions

To meet the world demands for efficient power, Murata is providing a wide range of highly reliable standard and custom power solutions that support Telecom, Network Communications Infrastructure, Industrial, and Medical applications.

## AC-DC Power Supplies

- Universal Input
- Industrial Formfactors
- Built in Protections
- Power Range: 40W - 2.8kW

## DC-DC Converters

- Isolated & Non-Isolated
- Industrial Footprint
- Wide Input Range
- Built in Protections
- Power Range: 1W - 600W

## Micro DC-DC Converters

- Smaller Size (Smallest size: 2.5x2.0mm)
- Reduction of Design Man-hour
- Lower Noise
