

TABLE I
Indian Manufacturers/Distributors

Company	Location	Established	Type	Kinds of ESD Safety Solutions Available
Cir-Q-Tech Tako Technologies	Bengaluru, Chennai, Delhi, Pune	1989	Manufacturer	ESD-safe flooring, ESD-safe workbenches and tables, ESD-safe chairs, ESD-safe trolleys for movement of materials, ESD-safe storage racks, workstation accessories such as ESD magnifiers, tools and fixtures, tools for personnel grounding, ioniser systems and ESD-safe packaging
Zeebelectronics	Bengaluru	1985	Manufacturer	Wrist-strap and footwear testers, electrostatic alarms, ESD-safe smoke absorbers, wall stations, continuous workstation monitors and surface-resistivity meters
Static Systems Pvt Ltd	Bengaluru, Chennai, Delhi	2002	Importer and distributor	ESD wrist straps, slippers, shoes, covers, sticky mats, tapes, chairs, fabric, gloves, finger cots, tweezers, brush, storage bins, workstations and tiles
Blossom Solutions	Bengaluru	2011	Importer and distributor	ESD badge/card holders, ESD adjustable wrist straps, anti-static heel straps, anti-static vinyl floor mats, grounding cords and jacks, tweezers, brushes, storage, slippers, shoes, ESD-safe chairs, ESD covers, kapton tapes, floor marking tapes, anti-static aprons, gloves, finger cots, ESD PCB racks and material handling product and ESD-testing instruments such as wrist-strap footwear testers, dual footwear testers, surface-resistivity meters and workstation monitors
PCBA Tools	West Bengal	2014	Importer and distributor	ESD-safe slippers, ESD-safe aprons, wristbands, gloves, ESD-safe rubber mats, ESD-safe shoes, ESD-safe finger cots, ESD-safe brushes, ESD-safe permanent coating sprays, ionisers, static-charge meters, surface-resistivity meters and ion guns
Sumitron Exports Pvt Ltd	New Delhi, Haridwar, Kolkata, Ahmedabad, Mumbai, Pune, Hyderabad, Bengaluru, Chennai	1986	Importer and distributor	ESD-safe furniture and component storage solutions, ionisers, ESD-safe shielding bags, protective wear and topical anti-static liquid solution, ESD meters like electrostatic field meters, combination wrist strap and detection meters and ESD flooring solutions
Inde Enterprises	New Delhi, Bengaluru	1976	Importer and distributor	ESD testers, Wolfgang Warmbier (Germany) electrostatic field meters, ESD storage racks and boxes, ESD table mats and PCB racks, ESD tools and aids such as wrist straps, gloves, micro cutting pliers, precision wire strippers, desoldering pumps, PCB bags, tweezers, cleaning brushes, conductive trays and common grounding point
Sharang Corp.	Pune	1996	Importer and distributor	ESD-safe chairs, stools, static dissipative shoes/heel straps, ESD storage and material handling products, gloves, tiles, mats, wrist straps, ESD grounding cords, ESD finger cots, anti-fatigue mats, ESD-safe workstations, human body voltage checkers, surface-resistivity meters, overhead static eliminators, ionisers, passive static discharge brushes, ESD stands with footplate, continuous work station monitors, ion air guns
Kinetic Polymers	Andhra Pradesh	N/A	Distributor	Wristbands, heel straps, anti-static shoes, anti-static garments, anti-static sprays, ESD caution tapes and static shielding tapes, ESD dispenser bottles, ESD-safe packaging materials, anti-static workstations, ESD-safe work area, ESD test equipment and conductive products
Electronic Control Components and Devices (ECCD)	Kolkata	1983	Importer/manufacturer/supplier	Black conductive stacking containers, lids, carrying cases and tote boxes, anti-static cleanroom mats, ESD handling, storage and transportation materials, anti-static workstations, ESD-safe work surfaces, personnel grounding, ESD-safe packaging, ESD testing instruments and ESD solvent cleaners
Blue Sky System Pvt Ltd	New Delhi	N/A	Manufacturer and supplier	Wrist straps, heel grounders, slippers, shoes, floor and table mats, grounding leads, laminates and other workstation accessories, ESD-safe storage solutions, ESD control materials such as gloves, finger cots, aprons, static sprays and chairs
Advance Tech Services Pvt Ltd	Bengaluru, New Delhi, Pune, Hyderabad	1966	Manufacturer and supplier	ESD slippers, aprons, wristbands, gloves, rubber mats, heel grounders, shoes, disposable shoe covers, brushes, ESD coating chemicals, ionisers, static test instruments, ion guns, ion bards, air particle counters and lint-free wipes

ing the presence and magnitude of static charges. The latest meters in the market are mostly digital, battery-operated, handheld and come with a rotating chopper. ESD meters help in detecting and accurately measuring electrostatic fields, potential and discharge times.

Surface-resistivity meters. These meters are employed for mak-

ing point-to-point resistance and resistance-to-ground measurements including resistance of persons, ESD shoes, flooring or any kind of ESD protective material. Surface-resistivity meters usually record measurements in accordance with such standards as Electrical Over-Stress (EOS)/ESD Association Standards S-4.1, IEC 61340-4-1 Ed. 2.0 and IEC 61340-2-3,

to name a few.

To make the measurement process hassle-free, some meters come equipped with integrated data loggers (with limited storage capability) and communication ports for wirelessly transmitting data. With the help of two internal probes of electrodes, the typical range for measurements is between 10^3 ohms and 10^{12} ohms.
