

In electro-chemical solutions, we reign

In the formulation, manufacture and supply of conformal coatings, thermal pastes, encapsulants, cleaners and lubricants, we have the solution. Through collaboration and research, we're developing new, environmentally friendly products for many of the world's best known industrial and domestic manufacturers – always to ISO standards.

Combine this unique ability to offer the complete solution with our global presence and you have a more reliable supply chain and a security of scale that ensures you receive an exemplary service.

Maintenance & Service Aids

A total solution for maintenance, repair and overhaul

A wide range of maintenance products to complement the major product groups are available. Whether used by OEMs or subcontractors, these products are supplied in convenient packaging, covering a wide range of applications and requirements. Electrolube has the solution.

- Airduster and freezer sprays
- Cleaners and wipes
- Greases and oils
- Encapsulation resins and conformal coatings
- Paints and galvanising sprays
- Maintenance, test, repair and small scale production
- Syringes, pump sprays, tubes, aerosols, wipes, pens
