

LCR Meters & Impedance Analyzers

HIOKI
EE Corporation, Japan

High-speed, 1mHz to 300MHz Measurement
Frequency to Meet All Applications

The new standard

LCR Meter that brings exceptional specifications and cost performance to a wide range of applications, from R&D to production lines

Made in
JAPAN

IM7580

Impedance Analyzer

High Frequency 1MHz to 300MHz
with Equivalent Circuit Analysis

IM3536

LCR Meter

General-Purpose LCR Meter with Measurement
Frequency from DC, 4Hz to 8MHz

World's fastest
300 MHz
LCR Meters &
Impedance
Analyzers

IM3533

LCR Meter

General-Purpose LCR Meter for Lower
Frequency Testing of 1mHz to 200kHz

Distributor
