

Save up to 60% on power bills and save the environment.

Goldwyn brings you LED Lighting

Solutions that produce high intensity light

with very less heat generation. Moreover, these save you

up to 60% on power costs as compared

with conventional lights both in outdoor

and indoor lighting. Also, these futuristic

lighting solutions contribute to offset harmful CO₂

emissions and earn you Carbon Credits. Add to this a

maintenance free life of at least 10 years

and you have the perfect lighting solutions

for all your needs.
