FULL-TOUCH DUAL-SIM MOBILE PHONE

FLY LINKZ E145 COMES WITH GREAT SOCIAL NETWORKING APPLICATIONS

Fly Mobile has launched a stylish full-touch dual-SIM mobile phone with a new social networking application called Fly Buzz that allows users to access Nimbuzz all-in-one messenger service. Nimbuzz provides users single-point access to Google Talk and Skype in addition to Snaftu. At the heart of Nimbuzz feature is a live contact list—an always-on, hyper-connected, dynamic address book, showing at a glance who is online, offline, busy or away, their status messages and social community activity. Using Snaftu, users can plug into Twitter, Facebook, Picasa, Flickr and Google Calendar.

Targeted at youths in the age group of 18-35 years, Fly LINKZ E145 also offers Java

games and Opera Mini mobile browser.

HIGH-PERFORMANCE EXTERNAL HARD DRIVE

TRANSCEND'S STOREJET 35T WITH UP TO 1.5TB CAPACITY OFFERS ENHANCED WRITING SPEEDS OF 42 MB/S

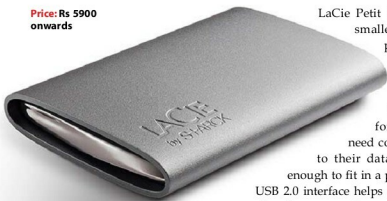

Transcend Information has introduced the latest addition to its StoreJet external hard drive lineup, the StoreJet 35T. With its Turbo HDD USB transfer mode and one-touch auto-backup button, the compact 8.9cm hard drive offers up to 1.5TB capacity and ample space for essential files, folders, documents, photos, music and high-definition videos. Its slender design allows it to be placed upright, thus saving desk space.

The drive offers enhanced writing speeds of 42 MB/s and when switched into Turbo HDD USB mode, its LED indicator changes colour from green to bright blue to help users identify the drive's current speed status. The drive automatically goes into sleep mode after 10 minutes of inactivity, allowing energy-savings of up to 67 per cent.

PORTABLE HARD DRIVES

LACIE'S STARCK AND PETIT RANGE OF PORTABLE HARD DRIVES COME IN STURDY, HEAT-RESISTANT ALUMINIUM CASINGS

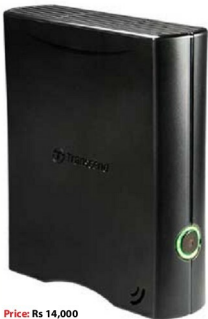

Price: Rs 5900 onwards

LaCie Petit is one of the smallest and compact drives in the market, making it an ideal choice for users who need constant access to their data. It is small enough to fit in a pocket and its USB 2.0 interface helps it to work on almost any computer.

LaCie's Starck drive with polished Aluminium exterior is stylish and tough, but light enough to carry around. The embedded USB cable of Starck allows users to maximise its compact nature and portability. The

drives feature support for Windows 7 and MAC OS 10.6, USB Boost (increased drive performance up to 33 per cent), Wuala 10GB online storage and two years warranty. These are available in 320GB and 500GB capacities.

Price: Rs 14,000
