

to make an Indian Open Source event
a global phenomenon

We invite speakers, volunteers, subject-matter experts,
LUGs, media partners, exhibitors and sponsors to engage
with us and help Open Source India become an event that
makes all other nations take note

KEY FACTS

Dates: September 19-21, 2010

Venue: Chennai Trade Centre (Chennai, India)

Edition: 7th (commenced in 2003 as LinuxAsia)

Here's How You Can HELP...

Share your expertise by speaking

on such topics as...

- Developing Web Applications Using Open Source
- Developing Embedded Systems Using Open Source
- Developing Embedded Systems (or Device-Level Software) using Open Source
- Managing IT Infrastructure Using Open Source
- Migrating IT Infrastructure to Open Source
- Business-ready Open Source Applications
- Why Open Source spells 'moo-hoo' for ISVs
- Cutting IT Costs Through Open Cloud Computing & Virtualisation

- **LUGs can partner with us, and...**
- Get special benefits for their members
- Get table space to demo open source projects
- Highlight efforts made by them amongst the audience
- Organise independent BOF sessions and workshops

IT organisations can...

- Offer senior personnel as member of our 'content planning & review' team
- Offer to be one of our 'sponsoring speakers'
- Join us as 'delegate partners' by sponsoring bulk delegates

Commercial organisations can...

- Exhibit within the expo zone
- Sponsor our sessions, tracks or the entire event
- Sponsor travel and stay of star speakers

Anyone can...

- Be there as a delegate
- Be there as a volunteer
- Put OSI logo on your blog, Facebook, Twitter, etc
- Register on Open Source India's website for updates
- Become a fan of Open Source India's Facebook page
- Follow @osdiays on Twitter
- Spread the word about Open Source India
- Send us suggestions and feedback

Become our media partners

- Write about Open Source and spread awareness
- Get journalists to register for Press Passes
