

German technology, engineering & reliability - best in its class 35 years Inde support track ensures availability of spare parts

WTCP51 Soldering Station

Selected Soldering Tip ensures fix temperature for foot proof process optimization. Virtual maintenance free ensures very long working life

WSD81 Digital Soldering Station

production workhorse for temperature sensitive active electronics soldering

Weller WBTS35L Brushless

DC Electric Screwdriver
0.05-3.5Nm torque

new

Weller ESF120ESD

ESD Safe rotatable PCB Holder

I493 Solder Fume Absorber

8PK-033ST Solder Wire Stand (w/out solder wire)

Desoldering Wicks

Electronic Master Toolkit for repair & maintenance work

IKE-MAS-EMK-700NB-00

WD2000M Dual Soldering Station

Latest unique high speed design ensures micro miniature reliable SMD soldering and desoldering in-built USB PC Interface & Software provided, controls WD2000M via external PC

W201 200 watt

230V, 50Hz direct mains operation temperature selection by Soldering Tip

W101 100 watt

Thermal Tweezer for reworking SMD chips

WD1000 Soldering Station

- 3 process temperatures can be programmed for quick change over of process control
- In-built on-site calibration facility for ISO 9000
- variety of attachments automatic tool recognition

Following attachments are optionally available

WST82 Thermal Stripper for stripping tough insulation on wires

WSB150 Solder Bath

with bath size of 58x33x19mm & Temperature upto 500°C

Weller WDS

Dry Humidity Storage Cabinet for sensitive electronic components 450x440x690 mm, 98 litre capacity

ESD Safe WHP3000

Pre-heat Plate 600W 50 to 400°C 120x190mm

Spot Mask

Flux Pen

MS-035

ST-AE Smart Tweezer

for SMD Chips Measurement

HT-222 Precision Cutter

SP-200 Lead-Free Solder Pot

36mm dia 500°C

Stannol Germany Leadfree Solder Wires

with micro additives for longer life of soldering tips

8BM-612A

Ready-to-use ESD Table Mat Kit (60x120cm)

SMD Tweezers

I268 Illuminated Magnifier

DSO8060

2-Ch, 5-in-1 60 MHz DSO, DMM Signal Generator Spectrum Analyzer Frequency Counter

M10-QP303E Quad Output Power Supply 2x0-30V/2.3A parallel and series operation, plus 3-6.5V/2.3A, 8-15V/11A

WR3M-WRK SMT/PTH System for R&D, repair & reworking

- 3 independent and simultaneous channels with automatic tool detection
- Hot Air Nozzles have in-built vacuum pick-up for gentle lifting of SMD ICs
- ESD Safe Pick & Place Vacuum Pick-up Pen for small & large SMD ICs
- In-built USB Interface & Software to control WR3M-WRK via external PC

Please visit our website: www.indienteprises.com for complete range of hi-quality imported equipments, instruments and tools we offer.
