

ARM μ C KIT WITH USB

- NXP LPC 2148 Based
- USB 2.0 with Virtual COM port Drivers
- 16 x 2 backlit LCD
- 24 Keys Keyboard
- 7 Segment LED display
- Sample 'C' Codes

UNIVERSAL IC TESTER

With
In-Circuit
IC
Testing

One System Many Functions

- ▲ IC Tester to test ICs upto 40 pins (Both Analog and Digital)
- ▲ μ C Development System
- ▲ Word Processor
- ▲ Simple Cable Tester

MME-UIT 40 functionally tests a wide variety of Analog / Linear ICs including ADC, DAC, DPM ICs, Op Amps, Transistor arrays, waveform generators and Digital ICs including μ Ps, μ Cs, EPROMs, RAMs, Peripheral devices apart from 74 series of TTL ICs and 40/45 series of CMOS ICs.

OTHER IC TESTER MODELS

MME-ADIT 40	Analog & Digital IC Tester
MME-DIT 2040	Digital IC Tester
MME-LICT 20	Linear IC Tester
MME-DIT 20	20 pin IC Tester
MME-ECT 20	Electronic Components Tester
MME-HDIT 20	Handheld Digital IC Tester

OTHER PRODUCTS

- Microprocessor Kits 8085, 8086, Z80
- Microcontroller Kits 8051, 68HC11, 8096
- Wide range of educational Interface Cards for ADC, DAC, Stepper Motor, DC Motor, Elevator interface, Logic Controller, Traffic lights, Relay Card, 7 Segment LED display, Alphanumeric LCD, Keyboard etc.,

Advanced ... Yet easy to use Systems from

Electricity Generation in Space

Dainik Statesman, a leading Bengali newspaper, on Nov. 9, 2010 published a news item stating that the dream idea of Dr A.P.J. Abdul Kalam, former president of India, is going to be implemented through a 15-year-long project undertaken by ISRO to generate electricity in space for transmission to earth.

Originally, this idea was mine and published in 'Letters' section of EFY June issue. Unfortunately, in the news, no credit has been given to me or EFY for this idea. I have already e-mailed to Dr Kalam on 13th and 15th November in this regard. I would like to inform you that already a TV channel has broadcast one-hour live programme on this issue on 13th November.

I hope EFY will take over the matter and do the needful for establishing the claim. I also expect proper recognition as I had been nurturing this innovative idea for the last 15 years before writing to EFY.

Gautam Kr Mandal
Chief Industrial Engineer
Steel Authority of India Limited
Durgapur Steel Plant

Circuits for Beginners

Is there any book on simple circuits for beginners which also includes the details of testing tools and equipment required for constructing the projects?

Hari
New Delhi

EFY: Please refer to 'Chip-Talk' book published by EFY. It contains many tools, components, circuit diagrams and their descriptions. You can go through the book and assemble the projects step by step. If interested, kindly phone EFY associates Kits'n'Spares at 011-26371661 or e-mail to kitsmktg1@efyindia.com

AT89C51-Based Projects

I want to assemble AT89C51-based projects. Kindly tell me where can I find these projects.

Anto
Nagercoil

EFY: Please visit www.kitsnspares.com for the projects. You may also refer to

'Microcontroller-Based Projects' book recently released by EFY. For more details, contact Kits'n'Spares.

Bidirectional Visitor Counter

Where can I get the circuit of a microcontroller-based bidirectional visitor counter?

Gnana Prabhu
Salem

EFY: You may refer to 'Microcontroller-Based Bidirectional Visitor Counter' circuit published in January 2007 issue. Visit www.kitsnspares.com to download the project material.

Odometer for eBike

I have bought an eBike—a BSA street rider—but it has only speedometer and no odometer. I need a combined speedometer-and-odometer circuit with LED or LCD display module. Please help.

A. Veelu
Salem

EFY: Please refer to 'Microcontroller-based Speedo-cum-Odometer' project published in EFY Nov. 2008 issue. The complete kit is available with Kits'n'Spares.

Linear Timer

In the 'Linear Timer for General Use' circuit published in EFY September issue, +12V line is directly shorted to ground near resistor R26. Please check and clarify.

T. George Khushy
Pathanamthitta, Kerala

EFY: Thanks for pointing out the mistake. The line from the bottom side of VR1 extending to the junction point of +12V, R26 and R25 should be removed from the circuit.

Circuits in EFY-CD

In the EFY-CD of November issue, the 'Circuits' folder containing the FM transmitter circuits seems to be missing.

Dakshinamurthy Sampath
Through e-mail

EFY: We regret the error. The mentioned circuits were inadvertently missed out in the November CD. The circuits have now been included in this month's EFY-CD.
