GEZIA MEMBERS DIRECTORY YEAR 2009-10

This third edition of the industrial directory by the Gandhinagar Electronics Zone Industries Association (GEZIA) is useful for new entrepreneurs, buyers and sellers.

The directory begins with a welcome note that lists out the infrastructural advantages offered by GIDC Electronics Zone. The alphabetical listing of association members is followed by detailed information about them, including name of the director/proprietor, contact address and phone numbers, turnover, product portfolio and major raw material/services/spares required by them. Inclusion of daily wages, unit conversion tables, and phone numbers for services like travel, banking and healthcare makes it a complete reference guide.

The directory also lists out electronic products for decentralisation of development of small-scale industrial undertakings by state/UT industrial authorities. The product index lets you search for a product supplier quickly—you need not flip all the pages to find one. At the end you will find the map of Gandhinagar Electronics Zone.

In short, the directory tries to present to you all the information you may need to know about Gandhinagar Electronics Zone.
