

FORTHCOMING SHORT-TERM CERTIFICATE COURSES ON

PCB Design, Robotics, VLSI Design,
Microcontrollers, Basics of Electronics

At Bengaluru & New Delhi EFY Tech Centers

Who can benefit?

Electronics engineering students, hobbyists, working professionals wanting to learn more and job seekers

What do they get out of it?

Job seekers and working professionals add to their qualifications, and students and hobbyists assemble exciting engineering projects on their own

**COURSE DURATION
UP TO 10 DAYS**

**FIRST COME
FIRST SERVED**

**LIMITED
SEATS**

**DON'T WAIT,
JOIN NOW**

PCB Design (Delhi & Bengaluru)

Duration: 5 Days (30 hours)

Course Fee: Rs 4,000/- **Eligibility:** Engineering students, working engineers, working diploma holders, hobbyists

COURSE DESCRIPTION:

• Learn to use PCB design software by gaining understanding of the basic concepts of PCB design and skills in drawing the schematic, editing and routing and creation of a library • Make a PCB layout of an electronic circuit with various components such as a microcontroller, ICs, transistors, diodes, passive components, switches and connectors

Certificate awarded by EFY

Schedule Delhi: 8 Feb - 12 Feb, 8 Mar - 12 Mar, 12 Apr - 16 Apr
Bengaluru: 1 Feb - 5 Feb, 8 Mar - 12 Mar, 5 Apr - 9 Apr

Robotics (Delhi)

Duration: 10 days (60 hours)

Course Fee: Rs 8,000/- **Eligibility:** Engineering students, diploma holders, 12th pass with physics, hobbyists

COURSE DESCRIPTION:

Science and engineering of robotics • Electronic and mechanical hardware related to robotics • Basics of PIC16F877A applications used in robotics. Project work: Construction of a robot based on PIC16F877A MCU TAKE HOME YOUR OWN ROBOT AFTER COMPLETION OF THE COURSE

Certificate awarded by EFY

Basics of Electronics (Delhi & Bengaluru)

Duration: 5 days (30 hours)

Course Fee: Rs 4,000/- **Eligibility:** Engineering students, diploma holders, 12th pass with physics, hobbyists

COURSE DESCRIPTION:

• Know about electronic components (both active as well as passive) • Learn important circuit blocks which will help you in developing your own minor project • Familiarise with basic test equipment for testing and fault-finding • Learn soldering through assembly of an EFY kit

Certificate awarded by EFY

Schedule Delhi: 1 Feb - 5 Feb, 1 Mar - 5 Mar, 5 Apr - 9 Apr
Bengaluru: 8 Feb - 12 Feb, 1 Mar - 5 Mar, 5 Apr - 9 Apr

*** Mode of payment:** Please add 10.3% Service Tax while paying fee. The fee may be paid online, in cash or through a DD in the name of **EFY Enterprises Pvt Ltd**, payable at Delhi or Bengaluru

Book your seat today by paying a registration fee of Rs 1000. Log on to www.efytechcenter.com for a copy of the Registration Form.

Payments should be sent to:

EFY TECH CENTER

No. 9, 17 Main First Cross, HAL Second Stage, Indira Nagar, Bengaluru. Phone: 080-25260394, 25260023

EFY TECH CENTER

D88/5 Okhla Industrial Area, Phase 1, New Delhi 110020
Phone: 011-26810601/02/03, 9210991676, 9899312322

Microchip PIC16F Microcontroller (Delhi & Bengaluru)

Duration: 10 days (60 hours)

Course Fee: Rs 6,000/- **Eligibility:** Engineering students, working engineers, working diploma holders

COURSE DESCRIPTION:

• Understand the architecture of PIC16F microcontroller • Understand the memory organisation, special-function registers and on-chip peripherals • Learn instruction set and writing of codes in Assembly language • Learn the simulation, real-time debugging and programming processes with the help of MPLAB ICD 2 and PIC Development board • Learn integration of common peripherals with microcontroller through hands-on lab exercises

Certificate awarded by Microchip Inc., USA

Schedule Delhi: 15 Feb - 25 Feb, 15 Mar - 25 Mar, 12 Apr - 22 Apr
Bengaluru: 17 Mar - 27 Mar

VLSI Design (Delhi)

Duration: 6 days (36 hours)

Course Fee: Rs 5,000/- **Eligibility:** Engineering students, working engineers, working diploma holders

COURSE DESCRIPTION:

• VLSI Design Flow • VHDL constructs • Dataflow Behavioral and structural modeling • Generate, Generics Test benches, Finite state machines coding • Final project work using VHDL

Schedule Delhi: 22 Feb - 27 Feb, 15 Mar - 20 Mar, 26 Apr - 1 May

Renesas R8C Microcontroller (Bengaluru)

Duration: 10 days (60 hours)

Course Fee: Rs 6,000/- **Eligibility:** Done a basic course in C language Programming

COURSE DESCRIPTION:

Architecture of R8C microcontroller • C language programming for integration of peripherals • Hands-on training on use of Renesas Starter Kit board • E8 debugging emulator and application board in HEW environment (HEW integrates various tools such as compiler, assembler, debugger and editor into a common GUI) • Learn to evaluate Renesas microcontroller performance for your product application

Certificate awarded by EFY

Schedule Bengaluru: 15 Feb - 25 Feb, 12 Apr - 22 Apr

Accommodation can be arranged in a private hostel/guest house on prior request.
