LUSTROUS

Green Technology of Lighting

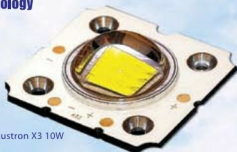

High-Efficiency COB Technology

MITTRON
Spectrum of Eco - Solution Ideal

Dream V AC LED 5W

Lustron X3 10W

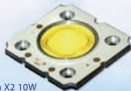

Diamond Pro 10W

High Power LED Modules

Lustron V 5W

Lustron X2 10W

Diamond 5W

Why Lustrous ?

- First company in Taiwan to introduce COB technology.
- Patent - Free: USA Patent No: (7,427,785/7,399,651/7,264,381/7,087,937)
- Latest AC LED / RGB in 1 Technology
- Value for money (Best Lumen/ \$)
- Most reliable and excellent quality product.

Why COB ?

- Superior brightness and efficiency
- Best-in-class color mixing
- Excellent thermal management/ Low thermal Resistance
- Highest packaging density
- Cost effective production

Classification	Power	Part Number	Forward Voltage	Forward Current	Typical Luminous Flux	Color Temperature	CRI	Dimensions
Diamond	5w	NHA105CL	6.5V	800mA	225lm	2500K ~ 3100K	75	20.5 x 1.7 mm
		NHA105NW	6.5V	800mA	300lm	4750K ~ 10000K	75	20.5 x 1.7 mm
