

SLIMMER AND LIGHTER PLAYSTATION 3

SONY PLAYSTATION 3 SLIM FEATURES A STREAMLINED FORM FACTOR WITH A 120GB HARD DISK DRIVE

Sony Computer Entertainment Europe has launched the new PlayStation 3 (PS3) computer entertainment system in India. PS3 Slim comes with 120GB hard disk drive (HDD) as against the 80GB available in the normal PS3 console. With the extra capacity, users will be able to store more games, music, photos and videos.

Features & USP. From the main semiconductors and power supply unit to the cooling mechanism, the internal design architecture of PS3 Slim has been completely redesigned to achieve a slimmer and lighter body.

Price: Rs 19,990

Compared to the very first PS3 model with 60GB hard disk drive (HDD), the internal volume as well as its thickness and weight are trimmed down to approximately two-thirds. Due to

compact form factor, the power consumption can be brought down by two thirds as compared with the normal model.

With PS3 Slim, you can enjoy high-definition Blu-ray disc (BD) movies and games, as well as various content and services downloadable through the network.

3D NOTEBOOK

ACER'S 5738D 3D NOTEBOOK IS POWERED WITH THE ALL-NEW WINDOWS 7

Acer has launched the 5738D 3D notebook in the Indian PC market. Powered by Windows 7, the 3D-enabled 5738D relies upon a 3D film coating on the display, polarising

glasses and bespoke software to display videos, games and photos in 3D.

Features & USP. The Cinematic-style 3D home theatre allows the user to both enjoy and share 3D movies and photos. Real-time 2D-to-3D playback convert technology enables the viewing of any video, DVDs, pictures and games as virtual 3D output.

It features a 100.6cm LED wide-screen, up to 4GB DDR2 RAM, a built-in ATI 4570 graphics processor, 500GB hard drive, DVD writer, 1.3-megapixel Webcam and Bluetooth.

The notebook is HDTV ready, being equipped with HDMI-output to any HDTV at home.

It is powered by the Intel processor technology and has up to 4 GB of DDR3 1066MHz dual-channel memory. It offers enhanced connectivity with both 3G option and Gigabit LAN for high-bandwidth wired connectivity.

Price: Rs 43,500 onwards

FULL-QWERTY SMARTPHONE

NOKIA E72 OFFERS AN ENHANCED PC-LIKE E-MAIL USER INTERFACE

Nokia has introduced Nokia E72, a device tailor-made for business and personal messaging, in two colours, viz, zodium black and topaz brown.

Features & USP. Nokia E72 builds on the formula from Nokia's full Qwerty keyboard device, Nokia E71, and adds new functionality such as desktop-like e-mail and chat experiences. Moreover, the latest version of Ovi Maps with A-GPS navigation and compass, an optical navi key and 5 megapixel camera are all packed into the sleek handset.

It supports up to 250MB internal memory, 8GB microSD in sales box and support for up to 16GB microSD memory card.

It also comes with Nokia's push consumer e-mail service, Nokia Messaging and onboard clients for Mail for Exchange and IBM Lotus Notes Traveler. Now, for the first time, people can set up instant messaging (IM) directly from the home-screen, accessing communities such as Windows Live Messenger, Yahoo! Messenger, Google Talk and Ovi Chat. Just like chatting via the desktop, people can respond to friends and colleagues across multiple communities in real-time.

Price: Rs 22,989
