Look up under 'Events' section in www.electronicshorizon.com for a comprehensive list

Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

company will be formed with all major international equipment suppliers like Nokia, Siemens and Huawei executing contracts for all service providers through this company.

The proposed company will be modeled on the Computer Maintenance Corporation of India (CMC).

Come 2012, all panchayats will be connected with broadband

By 2012, all the *panchayats* (village councils) in India will have access to broadband service. Providing more connectivity to the rural areas would help in bringing more companies to small towns and villages.

According to union minister Sachin Pilot, "Once every single panchayat has access to broadband, the government's functioning will change dramatically."

British Telecom to inspect Chinese telecom gear

India's Department of Telecommunications (DoT) has appointed British Telecom (BT) to consult on telecommunications equipment safety for all telecom equipment purchased from Chinese manufacturers, including Huawei Technologies and ZTE. Apart from setting up a dedicated test lab and certification centre at the Indian Institute of Science (IISc) in Bengaluru, international security firms such as Canada's Electronic Warfare Associates, Infoguard from the US and ALTA Security Consulting from Israel have been appointed as security auditors.

Sony expects notebook sales to double

With the launch of Vaio E Series, Sony India is looking forward to double its notebook sales to 250,000 units in FY10. The company had sold about 120,000 units of different models of its Vaio notebooks in FY09 ending May.

The consumer notebook market in India is currently estimated at one million units and is expected to increase to 1.25 million units by FY10. In FY09, Sony had achieved a market share of 12 per cent. This year, it intends to
