

LOVELY PROFESSIONAL UNIVERSITY

Introduction:

Lovely Professional University, India's **largest university** (in terms of on campus students with 24000 students studying in various 150 programs offered at Doctorate, Post Graduation, Graduation and Diploma level) in a campus sprawling more than 600 acres. With students from 23 different states and 10 different countries, it is the first choice of thousands of students from India and abroad. Lovely Professional University (LPU) is duly recognized by the University Grants Commission (UGC) vide Notification No. F.9-10/2006 (CPP-1) dated 1 Nov, 2006 and is included in the list of universities maintained by the University Grants Commission under section-2 (f) of UGC Act 1956.

Placements:

With **nearly 5000 placements** in some of the most reputed companies of India and abroad, LPU is at the forefront of giving a high flight to professional careers of its students. Working on a twin pronged strategy of enhancing the skills and potential of students and establishing robust interaction with the corporate world, the university is aligning its curriculum to the needs of the industry and making **personality development classes mandatory**. With specialized sector-specific attention given to interested students, the University has become a hot spot of prized placements of students from all across the discipline bandwidth.

The students, on the basis of their abilities and potential, have been able to get handsome remuneration pay packages, with one of the maritime company offering a post training package of Rs. 30 lakh per annum. With some of the mightiest of the corporate houses from India and abroad landing at LPU for placements, the students studying here are poised for an exciting professional career ahead. During the academic session 2009-2010, students of LPU have featured in the placements of 130 big companies like IBM, Infosys, Bharti Airtel, Maruti, Wills Life Style, Larsen & Toubro, DLF, Bharti Retail, Nokia Siemens, Vikram Sarabhai Space Centre, Indian Navy, Thomson Reuters, Panacea Biotech, US Tech Solutions, HDFC Bank, Union Bank of India, Reliance Life Insurance, Bajaj Allianz, Indian Army, Spice, TATA, HCL, Eli Lilly, Omega Maritime Management Services Pvt. Ltd, Wipro etc

Entrepreneurship:

The management of LPU harbours a strong

notion that in order to take a high flight, the Indian economy needs not only a vast army of hard working professionals, but a big mass of people capable of creating wealth. That is possible through giving a push to "Entrepreneurial Spirit" amongst the young generation, and for that the University has started a separate "Entrepreneurship Cell" for its students. With more than **24000** students pursuing professional courses in various disciplines, there is substantial scope of generation of out of box ideas aimed at starting fresh business ventures. The University has a dedicated department to further the culture of generating employment by the students. With students bringing forth viable ideas, the University provides with all the legal and monetary help to ensure that entrepreneurship gets a big push.

International Tie Ups:

To provide education in accordance with the latest trends of international standards, LPU has tied up some of the biggest names in international education. LPU has also established tie ups with reputed international universities/institutes in USA, UK, Canada, Australia and New Zealand. The International programs have been designed specially to create global human resources capable of handling job positions demanding internationally acclaimed skills. The tie ups provide an opportunity to an LPU student to complete a part of his studies abroad, with further chances of settlement there.

The University has tie ups with **nearly 20 international universities/institutes** abroad, and have recently concluded MoUs with North Dakota State University (USA) and Northern Illinois University (USA). A team of 27 students from Binghamton University (USA) also visited the campus in January 2010 for cultural exchange program. The students of LPU have also visited USA and Singapore recently, as a part of industrial training program. The exposure provides the students with know how and expertise regarding business culture prevailing diverse countries. This helps the students to gain an insight into the functioning of business houses of the largest and most robust economy of the world.

Recognition:

The University has earned distinction of being one of the **most bankable** names in professional education with many honours to its credit. Business India, a leading business magazine, has credited a management institute asso-

ciated with A++ ranking which speaks volumes about the credibility of LPU as a provider of quality education. Business Barons has ranked it as the 2nd best university for enrolling in further studies. In a separate survey, Times India has ranked it as the 6th best Engineering Private University from North Zone and the 16th best in the whole country. Business Barons has ranked its B School as the 29th brand of B-School in India. The ranking achieved by LPU has been accorded to it by judging the performance of the University on various counts viz. Faculty resources, academic excellence, international exposure, job placements, infrastructural facilities and social & environmental responsibilities discharged by the University.

IT Initiatives:

Riding high on the infusion of tech initiatives in daily operations, the University is well on its track to become a **paperless University**. With an ambition to cut the paper consumption by 98% by year end, the Infotech Department of the University has come up with a wide array of provisions making things easier for both the students and the employees. For ex. The attendance registers have been totally phased out of the scene. Thronging the notice boards for examination results is a thing of the past, as the same will be posted on the University's portal for everyone to see, along with DMCs. Missed lectures can be found transcribed on the net. Electronic notice boards share video streams showcasing the latest happenings taking place in the University, and the important notifications/announcements are shared at the intranet network. Things like "No Dues Certificate" and Mark-sheets can be printed with the click of a mouse from the website.

The initiatives have also made things easier for employees, who can be assigned and report the daily work via the intranet network. The attendance record, with mention of its time of marking; the salary details, details of pending and available leaves – and their subsequent approvals, registration and redressal of complaints, appraising of staff members and submission of daily work is all done in electronic mode. Provision of world class facilities to students and employees is high on the mind of LPU management, and it will continue to allocate heavy budgets in reinforcing its infrastructure, of which a lion's share will go to technology oriented operational initiatives to be undertaken in its campus.
