All new Tata Sky HD subscribers would be offered the HD Gold pack for the first two months, absolutely free.

WATER-RESISTANT WALKMAN

SONY'S WATER-RESISTANT W SERIES WALKMAN IS PERFECT FOR SPORTS USE

Price: NWZ-W250: Rs 4990

Suitable for use in active sports, Sony Walkman W series player can be used in rainy conditions and even cleaned under running water afterwards. Similar to its predecessor, it features a unique wire-free, ergonomic design for comfortable fit and convenient music playback while exercising. In addition, the W series is equipped with a unique music navigation interface for quick music browsing. When the ZAPPIN TM feature is activated, the main chorus of each song is played, allowing you to easily scan through your music library, whether on multiple playlists and folders to find the song you want to hear.

The NWZ-W250 offers up to eleven hours of playback time with a full charge of 90 minutes. Quick Charge function allows the Walkman to play up to 90 minutes of music with a short 3-minute charging time. Extremely light at 43 gm and available in three vibrant colours, the compact, foldable W series is trendy and portable for active use.
