EDUTECH EXPO 2010

PATNA July 3-4, 2010

4 REASONS TO BE AT EDUTECH EXPO, PATNA

- Repository of aspiring students**
As many as 35,000 students appear for entrance in engineering, management and medical sciences.
- Dearth of good educational institutions**
The capital of Bihar is an ideal choice for Edutech 2010 as a dearth of good academic institutions for higher education has been reported in the state.
- Perfect Timing**
The dates for the exhibition have been kept, keeping in mind that the results of all the competitive exams are out by this time and the students begin considering various options for admission by then.
- Edutech part of EFY**
Electronics For You has been successfully conducting Edutech since 2006 and has in process attracted a large number of students to this expo. With so many students wanting to pursue higher education, Edutech will provide an ideal platform for the students and their parents to gather relevant information and choose an institute of their preference.
