

to make an Indian Open Source event
a global phenomenon

We invite speakers, volunteers, subject-matter experts, LUGs, media partners, exhibitors and sponsors to engage with us and help Open Source India become an event that makes all other nations take note

Here's How You Can HELP...

Share your expertise by speaking

- on such topics as...
- Developing New Applications Using Open Source
 - Developing Mobile Applications Using Open Source
 - Developing Embedded Systems (for Device-Level Software) using Open Source
 - Managing IT Infrastructure Using Open Source
 - Business-ready Open Source Applications
 - Why Open Source isn't a 'model' for ISVs
 - Open Source in the Open Cloud
 - Computing & Virtualization

LUGs can partner with us, and...

- Get special benefits for their members
- Get special space to demo open source projects
- Highlight efforts made by them amongst their members
- Organise independent BOF sessions and workshops

IT organisations can...

- Offer senior personnel as member speakers for the event
- Join as 'knowledge partners' by sponsoring speakers
- Join us as 'delegate partners' by sponsoring bulk delegates

Commercial organisations can...

- Exhibit within the expo zone
- Sponsor our sessions, tracks or the entire event
- Sponsor a delegate and stay of 'star speakers'

Anyone can...

- Be there as a delegate
- Be there as a volunteer
- Put OSI logo on your blog, Facebook, Twitter, etc
- Register on Open Source India's website for updates
- Become a fan of Open Source India's Facebook page
- Spread the word about Open Source India
- Send us suggestions and feedback
