Chaitanya Group was founded in 1985 with a mission to offer top-quality technical and professional education. Over the two decades, the Group has made remarkable progress – stretching its wings and crossing many a milestone. Today, Chaitanya Group consists of six 'Centres of Excellence' spread across Coastal Andhra Pradesh.

One of our Group College "Godavari Institute of Engineering & Technology" has been ranked among the Top-40 Engineering Colleges in the country by the prestigious magazine Electronics For You.

Equipped with state-of-the-art facilities and powered by high-calibre faculty, each of these Centres delivers a wide range of high-impact technical and professional programs – including Medical (MBBS, Nursing, Paramedical Courses) and Engineering (B. Tech, M.Tech), Pharmacy (Pharm D., B.Pharm, M.Pharm), Management (MBA) and Computer Applications (MCA), P.G. Colleges, U.G. Colleges, Jr. Colleges & Global Schools.

Practice-oriented pedagogy and active interface with the industry enable the students gain the much-needed pragmatic perspective and hands-on training with the relevant tools and technologies. And that makes their transition from institution to the industry that much easier and reassuring. The remarkable placements track-record year after year is proof enough.
