TOUCHSCREEN SMARTPHONE

THE HD MINI FROM HTC HAS AN 8CM CAPACITIVE TOUCHSCREEN

Price: Rs 23,490

HTC has refreshed its touch-screen smartphone series in India with the launch of HD Mini. The HD Mini runs on Windows Mobile 6.5 operating system and has an 8cm (3.2-inch) capacitive touchscreen. The HVGA screen offers 320x480-pixel resolution. Apart from that, the phone uses a 600MHz processor.

The inbuilt memory capacity of the phone is 384 MB. With slots for microSD card, the memory of the phone can be extended up to 32 GB. The phone also has a 5-megapixel autofocus camera with a resolution of 2592x1944 pixels.

Other features include support for 3G, Bluetooth 2.1, GPS chip and 3.5mm audio jack. The phone is loaded with HTC Footprints app as well.

BLU-RAY DISK PLAYER

SONY BDP-S370 IS A PERFECT COMPLEMENT TO HOME THEATRE

If you're ready to watch movies in full-HD 1080p, Sony's BDP-S370 Blu-ray disk player is the perfect solution. With 24p True Cinema, you can enjoy theatre-quality movies in the comfort of your living room. You can enjoy your own DVD libraries with more detailed images than you have ever seen with precision cinema HD upscale. The player converts standard-definition signals (480i) of DVDs into 1080p full-HD equivalent-resolution video signals.

With Internet video, you can in-

stantly stream a wide variety of movies, TV episodes, videos and music from a large selection of entertainment apps including YouTube, Blip.tv, Conciierge.com and STYLE.com. The player is wireless LAN-ready and allows you to easily connect to your home's wireless broadband network and wirelessly stream content from a large selection of entertainment apps.

The HD audio formats deliver lossless surround sound with up to 7.1 channels of discrete audio for superb sound.

PROFESSIONAL SERIES DISPLAYS

VIEWSONIC'S VP SERIES DISPLAYS DELIVER PROFESSIONAL RESPONSE RATE AND EFFICIENCY FOR DYNAMIC VIDEO CREATORS

Price:
64.8cm (25.5-inch) 16:9 VP2655wb: Rs 43,999
58.4cm (23-inch) 16:10 VP2365wb: Rs. 18,500

ViewSonic has launched new professional VP series displays that show precise and authentic colours without blind spots to strengthen the image clarity. Viewable angle is over 178 degrees. Rich layers and vibrant colours deliver professional response rate and efficiency for dynamic video creators including creative multimedia designers.

The displays can automatically detect the brightness of input signals to present detailed gray scales and realistic images and can provide display contrast of up to 4000:1.

With four built-in USB 2.0 ports, these can transfer data at a speed of up to 480 Mbps.
