STYLISH HOME THEATRE SYSTEMS

SAMSUNG'S HT-C450, HT-C550 AND HT-C555 ARE DESIGNED AESTHETICALLY WITH A SIMPLE USER INTERFACE

Price:

HT-C450: Rs 12,800

HT-C550: Rs 17,700

HT-C555: Rs 26,600

Samsung has launched a new range of DVD home theatre systems that enhance consumers' home entertainment experience. Designed aesthetically with a simple user interface, HT-C450 and HT-C550 combine 5.1-channel output to give 500W and 1000W output of power-packed performance with satellite speakers, while HT-C555

uses four tall boy speakers to pack in a big performance.

The systems sport BD Wise feature that optimises the quality of a standard DVD, compatibility with multicodec playback and MP3 enhancer to improve the sound quality. Plus, it's easy to transfer data from your MP3 player/digital camera or to convert CD into digital MP3

files via the USB host with CD ripping feature. The HDMI connectivity transmits high-resolution digital data in pure and uncompressed streams, thereby enabling you to enjoy full-HD movies with purity and precision.

Dolby Digital, Dolby Pro Logic II, DTS decoders and Samsung's Intelligent Power technology ensure an accurate sound reproduction. Furthermore, the musical auto calibration program (featured in HT-C555 and HT-C550 only) corrects the speaker level to give you quality sound output of music tone.

CAR DVD RECEIVER WITH LARGE DISPLAY

**KENWOOD'S DDHX8036BT HAS A
VGA MONITOR AND BLUETOOTH
CONNECTIVITY**

Kenwood has launched a car DVD Receiver with 17.8cm (7-inch) VGA monitor that displays extra-bright, high-quality images, thanks to white LED backlighting. The system (DDHX8036BT) also features Bluetooth and an easy-to-use 3-D graphical interface with stereoscopic effect. The 5.1-channel surround sound with Dolby Digital and DTS turns the car's interior into an audio theatre.

The system is compatible with diverse file formats, including MP3, WMA, AAC, WAV, JPEG, MPEG1/2/4, H.264 and WMV. The front panel is removable, so you need not worry about theft. The system displays a multi-lingual menu in 18 languages for the convenience of users.
