

Total Lab Concept

Digitize your test bench at low cost. . .

An ISO Certified Co.

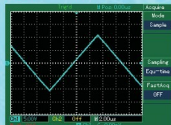

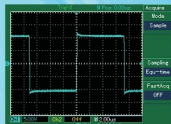

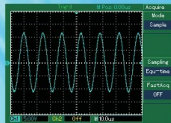

Digital Storage Oscilloscope

- 5.7-inch Color LCD Display, Multi-Color
- 2 x 512k words per channel record length
- FFT Function
- Sampling Rate 250MSa/s, 500MSa/s, 1GSa/s
- Bandwidth 25MHz, 60MHz, 100MHz, 200MHz
- USB Port available for External Storage Device
- Computer Interfaces available using Software
- Advanced cursor modes Manual, Auto and Track
- Auto-setting for quick Setup and Waveform acquisition

Function Generator

- Frequency Range 10MHz, 20MHz
- Multi Waveform Sine, Triangle, Square, Ramp, Pulse, TTL and CMOS
- Various output mode CW, Function, INT/EXT Sweep, AM, FM, FSK
- DC Offset, Symmetry, Amplitude continuously adjustable
- Built-in counter, High reliability, Full output protection
- Output amplitude display peak-peak and RMS
- Computer Interface using RS-232

Product Range:

- Testing & Measuring Instruments
- Electronics Lab Training Modules
- Basic Communication Lab Training Modules
- Advance Communication Lab Training Modules
- Power Electronics Lab Training Modules
- Physics Experimental Lab Setups
- Instrumentation Lab Training Modules
- Control Lab Training Modules
- Bread Board Trainers
- Dynamic Demonstrators & Trainers
- Microprocessor & Microcontroller Lab Modules
- Electrical Lab Training Modules & Equipments
- Microwave Lab Training Modules
