E-WASTE – A MENACE

Burnt e-waste raises health alarm for locals

Newspaper: Hindustan Times
New Delhi: The burning of e-waste in Delhi is a major health hazard, says a report by the Delhi Environment Protection Society.

Health hazards affect the residents near the dump site.
It is advised to wear mask and avoid breathing in the smoke.

Lurking radioactive waste exposes defenceless Delhi

Undetected For Days, Leaves 5 Battling For Life

Just a few headlines now... more to come though!

In the wake of current scenario and subsequent need for a collective action

Confederation of Indian Industry (CII)
