

to make an Indian Open Source event
a global phenomenon

We invite speakers, volunteers, subject-matter experts,
LUGs, media partners, exhibitors and sponsors to engage
with us and help Open Source India become an event that
makes all other nations take note

KEY FACTS

Dates: September 19-21, 2010
Venue: Chennai Trade Centre (Chennai, India)
Edition: 7th (commenced in 2003 as LinuxAsia)

Here's How You Can

HELP...

Share your expertise by speaking

- on such topics as...
- Developing Web Applications Using Open Source
 - Developing Embedded Systems (or Device-Level Software) using Open Source
 - Managing IT Infrastructure Using Open Source
 - Business-ready Open Source Applications
 - Why Open Source isn't "moolan" for ISVs
 - Calling IT C-level: enough Open / Cloud Computing & Virtualization

- LUGs can partner with us, and...**
- Get special benefits for their members
 - Get table space to demo open source projects
 - Highlight efforts made by them amongst the audience
 - Organise independent BOF sessions and workshops

IT organisations can...

- Offer senior personnel as member of our content planning & review team
- Offer to provide a platform for sponsoring speakers
- Join us as "delegate partners" by sponsoring bulk delegates

Commercial organisations can...

- Exhibit within the expo zone
- Sponsor our sessions, tracks or the entire event
- Sponsor content and stay of star speakers

Anyone can...

- Be there as a delegate
- Be there as a volunteer
- Put OSI logo on your blog, Facebook, Twitter, etc
- Register on Open Source India's website for updates
- Become a fan of Open Source India's Facebook page
- Follow @osdays (on Twitter)
- Follow #osdays (on Twitter)
- Spread the word about Open Source India
- Send us suggestions and feedback

Become our media partners

- Write about Open Source and spread awareness
- Get journalists to register for Press Passes
