LG's FIRST ANDROID PHONE

THE GW620 IS IDEAL FOR THOSE WHO NEED CONSTANT ACCESS TO INFORMATION, ENTERTAINMENT AND INTERACTIVE MOBILE EXPERIENCE

Price: Rs 16,490

LG Mobiles has launched its first Android phone, model GW620, for the Indian market. The smartphone has a 7.6cm (3-inch) touchscreen, a side slider QWERTY keyboard and a 5MP camera. It also features Wi-Fi, high-speed EDGE and GPS connectivity providing users full Web browsing at fast speeds. The GW620 is ideal for those who are always on the move and need to have constant access to information, entertainment and interactive mobile experience.

The GW620 integrates applications like voice calls, e-mails, text, photos and status updates into one consolidated view. This, along with the option of synchronisation of social networking profiles, provides a fun experience. A dedicated music key on the side means you can play music tracks easily. Dedicated numeric buttons and arrow keys for scrolling let you input the text quickly and easily when updating social network profiles, texting or e-mailing.

3-D BLU-RAY PLAYER

SAMSUNG'S BD-C6900 HAS AN HDMI VERSION 1.4 VIDEO OUTPUT TO SUPPORT 3-D PLAYBACK

As 3-D technology captures the imagination of movie viewers all over the world, Samsung has introduced the BD-C6900 Blu-ray player that brings 3-D full-HD playback and immersive surround sound to the comfort of your home.

Sleek and stylish, the BD-C6900 plays all formats like DivX, WMA, WMV, HD-JPEG, MKV and MP4. The touch-sensitive controls on top of the player add to its ultra-sleek and glossy design. The player produces crisp, clean image quality through the component outputs located on its back. A USB port is available on the

front. The player also has an HDMI version 1.4 video output that supports 3-D playback.

The BD-C6900 has a complete set of 7.1-channel analogue outputs and internal audio decoders such as Dolby Trued, Dolby Digital, DTS-HD and Dolby Digital Plus which bring multi-channel HD surround sound.

Price: Rs 29,990

CDMA MUSIC PHONE

THE MC1 FROM MOVIL MOBILES HAS DUAL SPEAKERS AND DEDICATED MUSIC KEYS

Movil Mobiles has introduced a stylish CDMA phone for music lovers. The MC1 has high acoustic clarity and its dual speakers deliver blast of a sound. Keeping in mind the need of a music lover to frequently select the song of his choice, dedicated music keys have been placed on top for convenient access.

The phone has an expandable memory card slot that supports up to 2GB microSD cards. To help the users share their music library, it has Bluetooth with data transfer capability. The Bluetooth also has A2DP

Price: Rs 3999

profile, using which the music can be enjoyed on wireless Bluetooth-enabled headsets.

The phone supports MP4 and has a high-resolution TFT colour screen to enjoy video playback and a 2-megapixel camera to capture photographs and record your own videos. It also features FM radio and that too with recording facility, so your music collection keeps growing.

Available in deep black with detailing in vibrant orange or electric blue, the phone brings along freshness.
