

has introduced an array of digital compact cameras, camcorders, lenses and inkjet all-in-one printers in India.

Products unveiled include three compact cameras from the PowerShot range, two lifestyle cameras from the IXUS range, one high-definition camcorder, one digital SLR from the EOS range, one Selphy photo printer, six net generation lenses, seven inkjet printers and all-in-one from the PIXMA Black range.

Speaking on the occasion, Alok Bharadwaj, senior vice president, Canon India, said, "We are revising our forecast to touch Rs 12.6 billion that gives 50 per cent growth over last year. Due to the buoyancy in the market, we had to revise the forecast twice during the year."

## Reliance, Tata Tele to roll out CDMA iPhone

Apple is holding discussions with Reliance Communications and Tata Teleservices to launch a CDMA version of the iPhone in India. iPhone is currently available in the country only through Bharti Airtel and Vodafone Essar, whose cellular systems run on the GSM technology. Launching a CDMA phone will give Apple access to more customers in the world's fastest-growing telecom market, which is adding around 18 million users a month.

## Weston to launch mobile phones

Consumer electronics player Weston has announced its entry into the Rs 700-billion cellular phone market. To begin with, Weston will launch its mobiles in North and East of India, where the company has a strong presence.

"Our vision is to introduce the most affordable handsets in India keeping in mind the features-to-price ratio," said Sunil Vachani, chairman and managing director, Weston Group.

"We plan to manufacture our own cellphones with R&D and design adopted from China. A new unit for mobile phones will be set up in Sela Que in Dehra Dun, Uttarakhand, with ca-
