NOKIA N8 WITH THE NEW SYMBIAN 3 PLATFORM IS GOOD FOR THE EVER-DEMANDING CONSUMERS

Price: ₹ 26,259

Nokia has launched its much anticipated smartphone, the N8, with Ovi services in India. The Nokia N8 is the first of a series of devices powered by Symbian 3—the latest edition of the world's most used smartphone software. It allows you to create compelling content, connect to your favourite social networks, and enjoy on-demand Web TV programmes and content. Keeping Indian consumers in mind, Nokia has introduced thousands of apps on the Ovi Store, optimised for the N8.

The Nokia N8 supports true multitasking, allowing you to run multiple apps simultaneously and switch between them easily. You can take high-quality photos in 12 megapixels and shoot HD-quality videos in supreme clarity with the 12MP camera having Carl Zeiss optics. Edit photos and videos on-screen and choose from multiple ways to share them; transfer large files to an external hard-drive with the new USB-on-the-go (which allows you to connect to any USB device through a simple cable) or upload photos to social networks.

NEW LED TVs

PHILIPS' LED TVs BRING THEATRE-LIKE EXPERIENCE TO YOUR HOME

Philips has unveiled 15 models of LED TVs in sizes ranging from 61 cm (24 inches) to 140 cm (55 inches). These TVs use an advanced LED technology for maximum energy efficiency. The LEDs used for illuminating the panel last longer and provide much sharper and richer quality while consuming 40 per cent less energy.

Full HD screen helps deliver higher-quality and brilliant flicker-free pictures with superb brightness and vivid details. The Natural Light 2 Engine reduces the power consumption by adjusting the brightness of the edge-light. It also improves the picture

quality and improves the depth of the dark colour to produce smooth and vibrant pictures. Effective filtering algorithms remove noise, enhancing the picture quality. The HDMI technology allows connections from the source to the screen while delivering the ultimate picture quality.

TRENDY LAPTOPS

LENOVO IdeaPad Z SERIES NOTEBOOKS ARE CHIC AND ADEQUATE FOR DAILY USAGE

Price: ₹ 34,000 to ₹ 46,000

The Lenovo IdeaPad Z series is a smart choice if you need a notebook that is chic, adequate for daily

usage, reliable yet price-efficient. Two models are available: IdeaPad Z460 (35.6cm) and IdeaPad Z560 (38cm).

Powered by Intel Core i5-460 processor and adorned with a metallic finish near the palm-rest, these notebooks are packed with Chiclet keyboard for superior ergonomic comfort, one-key theatre that customises display and sound to provide enhanced movie experience, Dolby Advanced Audio for a stunning listening experience, and HDMI and E-SATA ports. Safety applications include Lenovo Veriface face recognition and one-key rescue system to help you detect and remove viruses, restore Windows system and recover files.
