

■ VINAYAK R. ADKOLI

You are better off without computer sir. I have discovered a virus that transmits to human beings directly from computers!

It is actually an Australia-to-Denmark converter that helps Indian students in Australia to migrate to Denmark Sir...!

Sir, you are differentiating my correct answer to the question on 'Differentiating Amplifier' from other students' and thus amplifying my anger!

Our party keeps on splitting and regrouping, just like computer and mobile technologies!
