

Presenting Basic Equipments for your Lab

Dual Channel Power Supplies

- High Stability
- Overall output protection
- Voltage and current continuously variable within nominal value
- CC/CV auto switch
- Independent, series and parallel modes
- 4 sets of LED for voltage and current output display

Function Generators with Frequency Counter

- Sine, Triangle, Square Wave
- Built-in 5 digits counter (up to 15MHz)
- DC offset, symmetry continuously adjustable
- VCF input

Dual Trace Analog Oscilloscopes

- Auto sweep circuit in full freq bandwidth in trigger system
- Flexible trigger mode to select one signal or external input signal trigger
- Alt trigger function to observe two different signal synchronized
- Trigger output and output the signal of CH1 or CH2
- TV-V, TV-H

Falcon T&M product range includes Multimeters, Function Generators, Analog Oscilloscopes, Digital Oscilloscopes, Mixed Signal Oscilloscopes, Spectrum Analyzer and Power Supplies.

Falcon also manufactures educational trainer kits for Data Communication, Network Laboratory, Fiber Optics, Digital Communication, Analog Communication, Telephony and Antenna, Radar & Satellite Communication.

Dealers and distributors are welcome. Required experienced people for handling sales & service of test and measuring instruments.
