GAMING LCD TV

ENJOY BOTH TV AND GAMING FROM
NEW GODREJ EON

Price: ₹ 40,000

Godrej Appliances has come out with a Game LCD TV featuring motion-sensing technology. The Game LCD TV, claims Godrej Appliances, combines the features of an interactive gaming console with an LCD TV. It has a variety of 25 preloaded games. And for the ones with an insatiable appetite for gaming, the television also allows loading of extra games through an SD card or USB.

The TV, now available in Andhra Pradesh, includes a 2.4GHz wireless joystick for trouble-free sync between joystick and the television. It automatically controls backlight for optimal performance of an image based on the content.

SUPER-ZOOM DIGICAM

CAPTURE THE SMALLEST OF THE
DETAILS WITH 18X ZOOM OF FUJIFILM
FINEPIX S1800!

Now get 18x closer to your subject with Fujifilm FinePix S1800 camera. The feature-rich S1800 comes with 18x optical zoom and offers full manual photographic control for the more experienced users and an automatic scene recognition mode for beginners.

FinePix S1800 comes with a mechanically stabilised CCD sensor and high ISO sensitivity (ISO 6400) for anti-blur protection. The combination of these technologies reduces the blurring effect of both hand-shake and subject movement to provide sharp, clean and clear results even at the longest zoom

Price: ₹ 14,999

settings or in the most challenging of lighting conditions. Using auto scene recognition, the camera cleverly selects the scene type and the shooting conditions present. The camera settings get adjusted accordingly, optimising results and making it easy to take good pictures.

3-D-READY BLU-RAY PLAYER

EXPERIENCE YOUR MOVIES IN HIGH-DEFINITION WITH SONY'S BDP-S470

Price: ₹ 19,900

You can now enjoy 3-D Blu-ray disk movies in full-HD 1080p and upscale standard DVDs to near-HD quality. In addition to Blu-ray 3-D playback, when connected to a broadband Internet network, Sony's BDP-S470 instantly streams movies, videos, music and more from Netflix, Amazon Video On Demand, YouTube, Slacker, Internet Radio, Pandora, NPR, Sony Pictures, Sony Music and over 25 total content providers through the Sony BRAVIA

Internet video platform.

The BDP-S470 also allows you to browse details like actor and production information from a Blu-ray disk and access related content found on BRAVIA Internet Video content. When the quick-start feature is turned on, the start-up is quicker and disk loading is faster than in the previous models.

The BDP-S470 comes bundled with Sony 3-D TV and is not available for purchase as a standalone product.
