

HCL TECHNOLOGIES LTD

Rs 121,363 mn (2009-10)

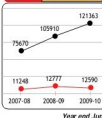

Global IT services company HCL Technologies works with clients in the areas that impact and redefine the core of their businesses. Since its inception into the global landscape after its IPO in 1999, HCL focuses on 'transformational outsourcing' and offers integrated portfolio of services including software-led IT solutions, remote infrastructure management, engineering and R&D services and BPO. In February this year, the company opened

its regional headquarters for the Middle East operations in Dubai, UAE. HCL already services more than 25 large organisations in the Middle East and this headquarters will become the hub for regional operations.

MAHANAGAR TELEPHONE NIGAM LTD (MTNL)

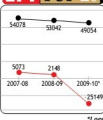

Rs 49,054 mn (2009-10)

Mahanagar Telephone Nigam Limited (MTNL) is an Indian government-owned telephone service provider in the cities of Mumbai and New Delhi. The company has awarded a contract of the converged billing solution project to a consortium of ten members that includes Mahindra Subhanigam, ITC and IBM. The Nigam presently has over 45,000 employees on its rolls. But, it recently told the government that "it requires a mere 15,000 employees to run its businesses" and is seeking permission to reduce its staff strength by two-thirds. In March this year, Alcatel-Lucent in collaboration with Acs Optimize enabled the commercial launch of India's first 3G-driven mobile TV services. The new mobile TV service, offered by MTNL, makes multimedia and entertainment a reality for millions of MTNL mobile subscribers in the metro cities of Delhi and Mumbai.
