ACER INDIA PVT LTD

Rs 27,490 mn (2009)

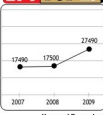

Acer India was incorporated as a wholly owned subsidiary of Acer Computer International in September 1999. Globally, Acer ranks second for total PCs and notebooks. The company targets around 14 per cent of the Indian server market by the end of this fiscal year. It had a market share of 7.5 per cent in Q1 of 2010. To achieve this target, Acer plans to launch a wide range of 17 new models under four different server categories of tower servers, rack servers, density optimised servers and blades. Acer recently launched its first Android-based smartphone, the Liquid E Ferrari special edition, in the Indian market.

MOSER BAER INDIA LTD

Rs 27,323 mn (2009-10)

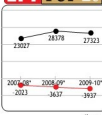

Established in 1983, Moser Baer India claims to be one of the world's largest manufacturers of optical storage media. Onout of every five disks in the world is said to come out of the Moser Baer factory. With its recent entry into the area of solidstate devices, the company now offers a comprehensive portfolio of storage solutions. The photovoltaic (PV) systems business of Moser Baer Group commissioned more than 50 PV projects during the last one year in India and Germany. The strong presence in solar farms, rooftop solutions and off-grid applications has ensured that the Group today is the largest player in the Indian solar space and expects a strong project pipeline visibility worth more than 200 MW.

STERILE TECHNOLOGIES LTD

Rs 24,545 mn (2009-10)

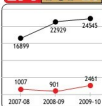

Sterile Technologies (formerly Sterile Optical Technologies) is a global provider of transmission solutions for the telecom and power industries. It is amongst the largest global manufacturers of optical fibres and claims to be the largest manufacturer of power conductors globally. The company's optical fibre and fibre-optic cable business segments have shown good volume growth as a result of expanded capacities coming online during April-June quarter. It recently completed the acquisition of East-North Interconnection Company Limited (ENIC), which was the SPV (special-purpose vehicle) created by Power Finance Corporation (PFC) to establish two 400KV double-circuit, quad transmission lines on 'build, own, operate and maintain' basis.
