

MPHASIS LTD

Rs 24,121 mn (2009-10)

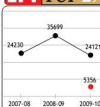

Bangalore-headquartered Mphasis is a leading provider of application services, remote management services and BPO services. With currently over 38,000 people on its rolls, Mphasis services clients in financial services, healthcare, communications, transportation, consumer and retail industries and governments around the world. Driven by the growth in businesses it acquired in the last one year, the company reported a strong volume growth in the quarter ended July 2010. Mphasis acquired two companies—AIG's captive IT firm in last August and remote IT solutions provider Fortify Infrastructure Services in February. It is also benefitting from its relationship with the parent HP.

TATA TELESERVICES MAHARASHTRA LTD (TMTL)

Rs 22,778 mn (2009-10)

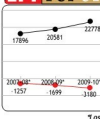

Tata Teleservices (Maharashtra) Limited (TMTL) spearheads the Tata group's presence in the telephony sector in the telecom circles of Maharashtra and Goa including Mumbai. It commenced landline operations in 1998 and today claims to have the largest wireline base in Mumbai and Maharashtra amongst all private operators, with over 600,000 subscribers and over 50 per cent market share. TMTL's network has been rated as the only congestion-free network across Maharashtra and Mumbai in five consecutive reports issued by Telecom Regulatory Authority of India (TRAI). It recently rolled out its GSM services under the brand name Tata DoCoMo in Mumbai, Maharashtra, and Goa.

FINOLEX CABLES LTD

Rs 16,428 mn (2009-10)

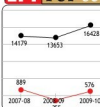

Finolex cables, the flagship company of the Finolex Group, was established in 1958 in Pune. The company positions itself as India's largest and leading manufacturer of electrical and telecommunication cables. It plans to invest Rs 600 million in capacity expansion this fiscal, besides scouting for a third manufacturing unit. Capex this fiscal will include doubling cable-making capacities at its Urse (near Pune) plant, having already doubled capacities at its Roorkee plant in Uttarakhand. The new greenfield plant is likely to be located in Gujarat to cater to the demand from northern markets, as the Roorkee plant already handles the eastern market while the Urse plant caters to demand from the west and south India.

PRITHVI INFORMATION SOLUTIONS LTD

Rs 17,792 mn (2009-10)

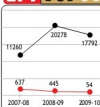

Prithvi Information Solutions is a global provider of IT consulting and engineering solutions. The company started its operations in the year 1998 with its registered office in Hyderabad, India, and its head office located in Pittsburgh (PA). Prithvi's global network of development centres and sales offices are in Europe, Middle East and Asia Pacific. After acquiring Perceptics, a US-based business intelligence consulting company, Prithvi is now in the process of acquiring another US company for about \$5 million. The company also aims to double its India revenues in the light of the introduction of 3G services and the e-governance initiatives undertaken by various state governments.
