OPTO CIRCUITS (INDIA) LTD

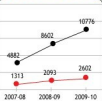

Rs 10,776 mn (2009-10)

Bengaluru-based Opto Circuits (India), or OCI, offers a range of products which include pulse oximeters, pulse oximeter sensors, fluid warmers, cholesterol monitors and stents. OCI has the status of export house and has been awarded two-star trading house status by the Federal Government of India. The company has fully acquired US-based Uniflex Vascular for about Rs 450 million in cash. The acquisition will give OCI access to USFDA-approved non-invasive equipment for diagnosis of vascular diseases. The firm recently got an approval from the US Food and Drug Administration (US FDA) to market a new modular patient monitoring system in the US market.
